CONSTRUCTION INFORMATION

Project Start Date March 1, 2016

We will begin clearing trees from the disturbance area throughout the project for a couple weeks prior to beginning any roadway disturbance. You will see multiple activities taking place including but not limited too; Surveying, clearing and grubbing in this time period.

There is also some utility relocation that is taking place due to structures being within the roadway right of way. These activities are not associated with the project and most individuals can be contacted on site.

The completion date for this road work is to be no later than October 30, 2016.

The road closure information can be found in the following table:

- Roadwork hours are from 5:00 AM to 8:00 PM Monday through Friday**
- Traffic will be allowed to pass through the project with the assistance of a pilot car at
Morning 6AM,7AM, 8AM, 9AM & 10AM
Afternoon 12:30PM, 2:30PM, 4PM, 5PM, 6PM & 7PM**
- There will be no weekend work allowed that requires traffic delays from May 28th through September 5th.**
- ALL EMERGENCY VEHICLES HAVE THE RIGHT OF WAY AND WORK WILL BE STOPPED TO GET THEM THROUGH THE PROJECT!**

If you need additional information please call the onsite phone at 719-748-3748 or feel free to stop by the job trailer located at the Tarryall Fire House.

Sincerely,

Brian Sack
Project Superintendent
